always at your side.

Organising your life Couldn't be simpler

always at your side

With **P-touch** everything's **sorted**.

The P-touch 65 is the perfect labelling system to meet the needs of your lifestyle, providing fun and function for all the family.

Using Brother's M-tape, the P-touch 65 prints labels in five colour combinations and in two label widths, offering you a clean and efficient way to keep everything tidy and organised anywhere in the home.

It lets you print all kinds of labels in many different styles and sizes, with frames around your text, underlined and with text on two lines. Special features let you print all European accents as symbols such as telephone icons, foreign currency symbols and other useful characters for use around the home.

Tape options

The character display allows you to preview your label before you decide to print. Once you are satisfied, simply press the print button for labels designed by you whenever and wherever you want to use it.

The smart hand-held P-touch 65, with its extensive print options, is the ideal labelling system for your home.
